*Slippery Winds Wilderness Lodge*  
Yoke Lake, Northwestern Ontario, Canada

Dear Guests,

We would like to take this opportunity to thank all our guests whom we have had the pleasure of hosting at our lodge during the season that has just ended as well as those whom have visited us during seasons past.

It is our goal to provide you with a safe, enjoyable and memorable wilderness adventure, which also offers you good value.

There are always mixed feelings when another season comes to an end. While we are happy to be going home to family and friends, there is also a tinge of wistfulness to be leaving the peaceful wilderness setting of the lodge where we were able to experience the beauty and wonder of nature first-hand and also enjoy the interaction and camaraderie of our staff and guests.

Over the years we have developed lasting friendships with many of our guests and look forward to visiting with them at one of the sportsman's shows we attend during the off season, or even better - spending time with them on their next visit to our lodge.

No sooner do we leave the lodge, than we start to make plans and look forward to our next season. As we age we have the sensation that time, including that time between seasons, passes more rapidly and in what seems like a blink of an eye it is once again time to pack-up and head back into camp for another season.

Those of whom we have had the privilege of serving in the past we invite you to return to reacquaint yourself with our spectacularly beautiful and serene wilderness setting - and exceptional angling! We also extend the invitation to those whom we haven't had the pleasure of hosting - yet.

We'll be waiting on the dock to greet you!

*Bob and Randy Duvell*

Variety is the name of the game at Slippery Winds Wilderness Lodge.

With six separate lakes to fish for six (and some guests say seven) species of sport fish including largemouth and smallmouth bass, walleye, muskie, northern pike, lake trout - and the seventh species - yellow perch, you will never be bored.

We have practiced catch-and-release angling for all our fish species for over 20 years, and this has paid big dividends in the quality of the fishing our guests have come to enjoy over the years.

Slippery Winds is the only lodge on the lake and we have intentionally limited our capacity to only 18 guests per trip. This ensures you are treated to a laid-back, relaxed and friendly atmosphere in camp and light fishing pressure on our lakes.

You will find comfortable accommodations; personalized service from our helpful, friendly staff; and exceptional fishing - all at a great price.

We invite you and your family to come visit us at Slippery Winds Lodge and discover this jewel hidden in the wilderness of Northwestern Ontario for yourself. You'll be glad you did!

### *Lake Descriptions*

**Bluff point Lake:** This is a deep, clear water lake that provides excellent habitat for trout, largemouth bass and northern pike.

**Crossroute Lake:** This is a clear water lake with a variety of structure. The lake is home to a good population of largemouth bass, northern pike and lake trout.

**Straw Lake:** Home to the Straw Lake gold mine in the 1930's this lake is a shallow, stained lake with many weed beds. Straw Lake provides good fishing for walleye, smallmouth bass, largemouth bass and northern pike.

**Sucan Lake:** Accessible from Straw Lake via a wide creek, Sucan Lake is a shallow lake that is home to walleye, northern pike, smallmouth bass, largemouth bass and perch.

**Sullivan Lake:** This lake has traditionally been an excellent producer of large northern pike. Largemouth bass and lake trout also inhabit the lake.

**Yoke Lake:** Slippery Winds Lodge is located in a bay at the east end of Yoke Lake. The lodge is on a peninsula that separates Yoke and Straw Lakes. This is a clear water lake with deep holes, many shallow bays, points and mid-lake reefs providing excellent habitat for largemouth & smallmouth bass, lake trout, northern pike, walleye and also world-class muskie.
