Lake Descriptions

Bluff point Lake: This is a deep, clear water lake that provides excellent habitat for trout, largemouth bass and northern pike.

Crossroute Lake: This is a clear water lake with a variety of structure. The lake is home to a good population of largemouth bass, northern pike and lake trout.

Straw Lake: Home to the Straw Lake gold mine in the 1930's this lake is a shallow, stained lake with many weed beds. Straw Lake provides good fishing for walleye, smallmouth bass, largemouth bass and northern pike.

Sucan Lake: Accessible from Straw Lake via a wide creek, Sucan Lake is a shallow lake that is home to walleye, northern pike, smallmouth bass, largemouth bass and perch.

Sullivan Lake: This lake has traditionally been an excellent producer of large northern pike. Largemouth bass and lake trout also inhabit the lake.

Yoke Lake: Slippery Winds Lodge is located in a bay at the east end of Yoke Lake. The lodge is on a peninsula that separates Yoke and Straw Lakes. This is a clear water lake with deep holes, many shallow bays, points and mid-lake reefs providing excellent habitat for largemouth & smallmouth bass, lake trout, northern pike, walleye and also world-class muskie.
